

Tenure-track Professors and Teaching/Research Fellows in Mathematics/Statistics

Wuhan University – School of Mathematics and Statistics

Location: Wuhan

Placed on: 11th November 2014

Salary: RMB200,000 to 400,000

Closes: NA/Rolling recruitment

Hours: Full Time

Contract Type: Tenure/Permanent

We invite applications for full-time professors, associate professors, teaching/research fellows to work at School of Mathematics and Statistics, Wuhan University. These are tenure positions based on four year term contract. Performance appraisal comprises annual evaluation, mid-term evaluation and completed term evaluation. The evaluation results and two-way choices determine renewal of contract. All posts are open for application all the year round. Salary varies according to positions. Apart from salary, you will receive extra allowances and grants, and social insurance and medical scheme.

The successful applicants will be expected to work full-time in Wuhan University and pursue research broadly related to mathematics and statistics. They will be required to take teaching and research responsibilities according to university policy and centre's demand.

With a PhD awarded in mathematics or statistics, the successful applicants will have outstanding academic achievements in their research areas and good communication skills to pursue research as part of an international team together with the ability to work independently. Rich experience in international conferences and charisma of organizing international conferences is an advantage.

*Please see attachments for detailed requirements for each position.
